Dear Friend,

It's an honor to serve you in the United States House of Representatives. I write to you today with some important issues in Congress and I hope you will take the time to offer your feedback on the back of this page.

We've already had a busy year in Washington and I am doing my best to maintain **freedom and safety for individuals, families, and businesses** back home. I am working hard to **secure federal financing to ensure upgrades to the I-25 corridor** running through Castle Rock to reduce traffic backups, address road conditions, and overhaul railroad crossings. This lengthy battle will provide the necessary funds to improve the safety of the community and further meet Douglas County residents' needs.

Yet, we still have a lot to fix and get done here in Washington. I recently formed the new **Congressional Antitrust Caucus** and am committed to **holding Big Tech and monopolies accountable**, promoting **healthy competition in the economy** and **advocating for hardworking and law-abiding consumers and small business owners**. I will continue to take on Big Tech and protect constituents from predatory practices.

I'm here for the **hard working families of Colorado's 4th Congressional District** and I promise to keep up the **fight in Washington on your behalf**, but I need your help. If you have a moment, please fill out and return the survey at the end of the newsletter to help me better represent you in Congress.

Sincerely,

*Ken Buck*

**KEN BUCK**  
CONGRESSMAN *for* COLORADO'S 4<sup>TH</sup> DISTRICT
